Course overview

Sixty lessons for one class with all three paths. The sequence follows Novice 1. In every core lesson the whole class learns the Novice 1 content; then Ara 2 (Novice 2) learns a matched Novice 2 lesson at the front, while Ara 1 practises and Ara 3 (Novice 3) works independently from its own Novice 3 lesson. Every lesson has three worksheets, one per path. Practical sessions and waiata and haka are shared, with Ara 3 students as leaders (kaea). Ara 2 and 3 students cover every core lesson, check-in and assessment of their own course; projects run in parallel with a different project for each path.

Teacher focus

Group by proficiency, not year level, and move students when they are ready. Use tuakana–teina deliberately: Ara 2 and 3 students partner Ara 1 students in We Do and kōrero tasks. Plan where each group sits: Ara 2 near the board for their I Do, Ara 3 with devices, Ara 1 with worksheets and the kēmu. Karakia, waiata and haka bring everyone together.
