Course overview

The extension path for students ready to go beyond Novice 2. Students give mihi with pepeha or kōrero tuakiri, learn whakataukī, use the full a/o relational particle system, talk about past, present and future, travel, opinions with reasons, quality and cost, weather and the maramataka, give instructions, tell stories and use kīwaha.

Teacher focus

Use introductory mihi to express identity and share whakapapa and connections to whenua. Show how metaphorical language enriches meaning, and that communication reflects collective values and respect for others' views. Teach kīwaha, which reflect cultural values, emotion and social norms. Use the maramataka and mātauranga Māori to deepen understanding of the Māori worldview.
